

July 2017

Dear Families,

The beginning of another year full of learning is approaching quickly! As we continue to look for opportunities to personalize your child's experience at Benton Community, we are excited to share that we will be trying something new this year in place of a traditional Open House event.

We will be having a scheduled Parent/Teacher Conference to start the year. Using the links below, you'll be asked to select a 15 minute time with your child's teacher to be held on Monday, August 21st between 12:00pm and 8:00pm. Students are welcome and encouraged to attend. They are the key player in the team approach that we'll begin building during this conference. This will still be a great time to bring in school supplies prior to the first day. Please click on the link below that aligns with the elementary center your child will attend and sign up for a time that works for you. Also, there will be computers available to sign-up for a time at school registration on Tuesday, August 8th at the Benton Community MS/HS from 10:00am-7:00pm.

We hope this time gives families and teachers a chance to start building the home/school relationship, understand the goals of the specific grade level, and will serve as an opportunity to ask questions or share information that will help your child achieve success to its greatest extent. Our hope is to connect with 100% of our elementary families through this conference format. Please help us reach as many students/families as possible by adding this Parent/Teacher Conference date to your calendar.

We look forward to continued collaboration with students and families we serve.

Sincerely,

Ryan Junge, Principal, Keystone Elementary

Jason West, Principal, Atkins Elementary

Rob Arnold, Principal, Norway Elementary
